

About THOMSON

Founded in France in 1893, THOMSON is a brand with a true European heritage. With over 130 years of history, THOMSON has been involved in some of the world's most significant technological revolutions, establishing itself as a pioneer in the industry. From the first radios and VCRs to MP3 players and televisions, THOMSON has consistently remained true to its mission of making innovation accessible to everyone.

Today, THOMSON continues to produce high-quality products that seamlessly blend comfort with the latest smart technologies. THOMSON's goal is to ensure that everyone can share unforgettable experiences and moments of joy with their loved ones. This is reflected in the design and functionality of its products, which are tailored to meet the needs and preferences of a wide range of consumers. The brand offers a broad array of electronic products, including televisions, audio-video devices, telephony, computing, connected products, household appliances, and wellness products. "Simplicity, Proximity and Trust" are the foundation of the THOMSON brand. We continue to uphold these principles in every aspect of our operations. Every product comes with comprehensive three-year warranty coverage, ensuring peace of mind for all our customers. European Production Sites and an R&D department located at the Austrian HQ, guarantee that our products meet European quality standards and local viewing preferences. Local repair centres across Europe and the 24/7 Live Chat Assistant TOM provide with service excellence.
